

# KEY AND MAIL HOLDER

**EVERYTHING OLD IS NEW AGAIN WITH A COAT OF PAINT!**

Easily and affordably update your key and mail holder cabinet with a fresh coat of Rust-Oleum® Painter's Touch+ Sea Blue spray paint!

## Items

- Rust-Oleum Painter's Touch+ Sea Blue spray paint
- Drop cloth
- Wooden key and mail holder cabinet
- Lint-free cloth

## STEPS

- 1. PREPARE:** Always work in a well-ventilated area. Cover the ground and any nearby items with a drop cloth to protect from spray mist. Wipe clean with a lint-free cloth, removing all dust.
- 2. PAINT:** Shake can for 1 minute after the mixing ball begins to rattle. Hold the can 25-40cm from the surface and spray in a steady back and forth motion, slightly overlapping with each stroke. For best results, while spraying, keep the can the same distance from the surface and keep the can in motion. Apply several light coats a few minutes apart.
- 3. FINISH:** Allow the cabinet to fully dry for 24 hours before handling.
