

FUN COOLER

ADD A TOUCH OF SUMMER TO YOUR OLD METAL TUB

Bring life to an ordinary metal tub with Rust-Oleum® Painter's Touch+ Lime Green spray paint!

Items

- Rust-Oleum Painter's Touch+ Lime Green spray paint
- Rust-Oleum Painter's Touch+ Primer spray (recommended)
- Metal tub
- Drop cloth
- Lint-free cloth

STEPS

- 1. PREPARE:** Always work in a well-ventilated area. Cover the ground and any nearby items with a drop cloth to protect from spray mist. Make sure surface is clean from dirt and dust. Wipe clean with a damp lint-free cloth and let dry. Priming is especially recommended for bare metal, use Painter's Touch+ Primer for superior adhesion.
- 2. PAINT:** Shake can for 1 minute after the mixing ball begins to rattle. Hold the can 25-40cm from the surface and spray in a steady back and forth motion, slightly overlapping with each stroke. For best results, while spraying, keep the can the same distance from the surface and keep the can in motion. Apply several light coats a few minutes apart.
- 3. FINISH:** Allow the metal tub to fully dry for 24 hours before handling.
