

# BRIGHT BEFORE YOUR EYES PLANT POTS

## OLD TERRA COTTA PLANT POTS GIVEN NEW LIFE

These planters will add the perfect touch of colour to your garden, thanks to the rich Painter's Touch+ Purple spray paint by Rust-Oleum®.

### Items

- Rust-Oleum Painter's Touch+ Purple spray paint
- Rust-Oleum Painter's Touch+ Primer spray (recommended)
- Various sizes of terra cotta plant pots
- Drop cloth
- Lint-free cloth

### STEPS

- 1. PREPARE:** Always work in a well-ventilated area. Cover the ground and any nearby items with a drop cloth to protect from spray mist. Wipe plant pots clean of any debris with a damp lint-free cloth and let dry.
- 2. PAINT:** Shake can for 1 minute after the mixing ball begins to rattle. Hold the can 25-40cm from the surface and spray in a steady back and forth motion, slightly overlapping with each stroke. For best results, while spraying, keep the can the same distance from the surface and keep the can in motion. Apply several light coats a few minutes apart.
- 3. FINISH:** Allow the planters to fully dry for 24 hours before handling. Once dry, fill your pots with colourful summer flowers and display on your patio or throughout your yard!
